

NAUTILUS MULTI-STATIONS™

HUGE VARIETY. SMALL FOOTPRINT.

Sometimes you have space for multiple pieces of equipment and sometimes you don't. That is exactly why our multi-stations can be such a great option when you're still looking for the total workout experience and commercial feel while needing to maximize space.

Each of our multi-stations have the smallest footprint possible while combining the most essential and core elements from our strength lines. Add in great features like swiveling pulleys on the Lat Pull Down, Low Row and Triceps Press and fully adjustable pulleys on the Cable Cross Over System, and you have an economical, space-saving equipment solution that doesn't look, feel or train like one.
